**(“PCFG”, the “Company” or the “Group”)**

**Correction**

PCFG, the AIM quoted finance house, announces, with reference to the Company’s Preliminary Results announcement on 8 December 2016 (RNS number 2574R), that there was an error in the calculation of the weighted average numbers of shares in issue during the 18 month period ending September 2016 and, as a result, the calculation of basic earnings per ordinary share for the 18 months ending September 2016 should have been stated as 3.2p per share rather than the 2.5p per share originally stated; and the calculation of diluted earnings per ordinary share for the 18 months ending September 2016 should have been stated as 2.6p per share rather than the 1.9p per share originally stated. This change does not affect the profit on ordinary activities after taxation in the period or the reported earnings per share for the pro-forma 12 months period to 30 September 2016.
