Established in 1994, PCF Group plc is the AIM-quoted parent of the specialist bank, PCF Bank Limited. With the advent of a banking operation, the Group now has the capability to increase its lending portfolio significantly, with target portfolio sizes of £350 million in 2020 and £750 million in 2022. The Group will retain its focus on portfolio quality and has the capability to lend increasingly to prime segments of its existing finance markets. The Group will also seek to diversify its lending products and asset classes through acquisition.

PCF Bank currently offers retail savings products for individuals and then deploys those funds through its two lending divisions:
